THE WORLD OF LOVE AT HOME

THE R. A. SETHELDS.

Deep buried in her caves, Mind ocean hideth many a gem, With as bles certing weres. Yet obt within ber bosour dark. Or mouth the Subbibly folia, Lies there a trescore equalling

The stating happiness and joy Mrs. and was gold altied : Nuc see it yield a pleasure like. A merry freeide. I envy not the man who dwells In stately hell or dome. If Itild his spleader be bath not

A: world of leve at beene."

The friends whom time bath preved sincere, The they alone can bring A sere relief to bearts that droop "I duth person's beary wing. Though care and trouble may be mine, As down life's path I roam; I'll heed not while still I have A world of love at home.

MILLER EXCITEMENTATE some thirty citizens of Orrington have become so much excited with the advent theories of "Father Miller" as to neglect all business and to live upon their substance by selling stock from their for the entire ression of California, or New Mex- was affections, convers, para to the broad, challenge the tarms and furniture from their elwellings. They ico, to Great Britain, it being only deleated by have set the twenty-third of March as the day the fall of Santa Anon. It seems that papers worm, dy contact, are hong's with Graning', an when the world will be destroyed and they shall and documents were found on his person when free of all hinds, are guery, Sands are guerant be caught up in the air to meet their Lord.

The selectmen of Orington have given pubfic notice, by hand bills, that several personal thus appears that while England was indirectly named are to be placed under guardianship and all persous are cautioned against purchasing amy property, real or personal of them, as all contracts or deeds will be void on account of their incompetency to manage their affairs. is certainly deplorable, that men with lamilies possession of this fine harbor, England could be symptome of a record to strong broke, that good camulated property by years of industry, should be so much overcome by three theories of Mr. Miller, as to neglect all business, throw off all care for the future and expuse themselves and their families to the peltings of the pitiless storm! of paverty. The number of these believers is: increasing in Orrington, and all seem to follow This news will necessarily create surprise and the lead of selling out all they possess to supply immediate wants and to leave the future uncar-

ed for. We learn that in Atkinson, Piscataquis coun- in giving it to your readers. ly, the receivers of Mr. Miller's advent themries are exceedingly zealous in the rause. They have a new theory, which is, that the day of grace has been past and that we are all now ineternity, and that the "awful horrors" of the goneral judgment are soon to be manifested to Amien Sprague. He protested his innocence! all eyes. Some of them take special pains to bumble themselves and for this purpose wash the papers in that vicinity express great doubt and kiss each other's leet-creep upon the Boorijol his guilt, circumstances having come to light: Ec. In some instances they have so tar mista- sure that which underintly weaken for the blood and contest the unbeality state of the I ken true humility, as to suppose that conduct, like evidence against him which was presented the thought of which served to shock their sensi. In the jury. The case was one which seemed; bilities, must therefore as a means of mortifica- peruliarly to commend itself to the considera- me companied of a very every of the contraction o tion, be enacted. An instance of this occur- tion of the Executive, and to have called for the administration was popular regulable as red not long since. A woman, virtuous, sin- commutation of punishment, or at least for delay, the country as with. cere and plous, felt it ber duty, as she stated, of execution. Age to appear before the assembly she was addressing, entirely naked. This supposed, heaven directed duty, she at once discharged by loos- the statement made in this paper some weeks aening her cloak and shawl, the only garments go, that Miss bene Nictiols of Monmouth, was she had on and letting them drop to the fl. or. - imarried to Pr. sident Ferera, or Herara, of It is really pretty difficult to decide what should Mexico-the Deutsche Schnellpost to the: be do e to stop this enthusiasin, or to remody contrary notwithstanding - Ken. Journ. the social and other interests that are being destroyed, and prevent a gaunt porenty which threatens to engulph those concerned. And firmed by the Sanate on Friday. this difficulty is increased on account of the fact which seems to be generally admitted, that receivers of the doctrine are increasing. The more glaring the conduct the greater the num-! W like Lind Daniel C Westus, of Skindly gan. ber of convicts. Tous there is much that is in a war, on the rain way or dury, a to desti, contains. painful in this matter. It seems to be the duty the or well to mortgage or man dan, or some only buy of the public authorities in towns where great evils must reult from improvidence and waste, to seek the remedy of naving guardians appoint ed over those who appear unfited to manage their affairs. Bangor Whig.

of the alter, the suppliant to the particular god and in that part of said to a non-sour grant of said Com. in whose honor it had been erected, and whose i wow we are in the trust resulting resulting the resu figure was represented immediately behind it. viz: - orcuou one, tour, tree ora, nime, tru, energy, tour, true, energy to the commenced by repeatedly bowing his head, twenty two, twenty there, twenty tour, twenty need by former agent in Portland, Me., still continues to each time touching the ground, sighing and residently and that y, northwest, northwest, and nouther mean Brown's consequently and Toman Brown's consequently and Toman Brown's consequently and Toman Brown's consequently and the

slab is placed on the rieth's desk, on which is printed the name of each incimber of the houses slipe or slides are placed in this slab, running parrailed to and to correspond with each name.

Communication is had by means of wires, or or other material, between the keys in desk, and elides in board. When a vote of 'ayes' is called, the members simultaneously touch their key marked aye, which throws the slide out on the board, so that it projects beyond his name; and the edge of the board, and in like manner, for the nays. By that arrangement, the clerk The public are one beginning to understand and apprent can count the vote, announce the result, and that have been between odd them to the chapt of the place the aggregate vote on the board, all within the space of one minute.

A slip of paper, containing the names of eve- ily oradizate distance by removing all obstructions in the ry member, to correspond with the names and slides on the board is so adjusted, that when the presently as a main, and receive to the patient a be slides are thrown out, (which are so pointed as puties seeks bretthy craving for food. As a family a to receive ink,) an impression is made opposite from the youngest to the other, time juntouty by to each name, and thus the rote recorded for the mineral preparations, giving as pain, and acting mility use of the clerk or printer. arranged that they can then be returned, all at with and to all temates of a delicate habet of budy once, to their places by the clerk pulling a wire or slide.

From the Correspondence of the Journal of Commerce.

Washington, Feb. 18.

I have this day learned, been or questionable source, that at time time of Santa Anna's tall at the a grown hown by the same of abover, long treats was in progress, and ready consumated,: captured, fully confirmatory of the fact, informal. ation of which has reached our government. opposing the amexation of l'exas, she was the same time negociating for a country still amend defined demanders, and requiring deferred use more extensive and valuable. is said to be one of the linest bays and safest questing disease, jet are in pure and harders as seen harbors on the coast of the Parific. With the weakh from hong ill brake, who will now rolly than control the commerce of the whole coast of the Pacific Ocean, reaching from California to the possessions of Russia.

It is said that our government have suspected some design of this on the part of Great Britain; for come time past, but could never ket bold of, mny thing tangible on the subject until now .-attract attention annug our people. I send this'. off in great haste, hoping you will lose no time!
